INDEPENDENT AUDITORS' REPORT

Lincoln/Lancaster County Public Building Commission Board of Commissioners
Lincoln/Lancaster County Public Building Commission
Lincoln, Nebraska

We have audited the accompanying financial statements of the governmental activities and the general fund of the Lincoln/Lancaster County Public Building Commission (PBC) as of and for the year ended June 30, 2012, which collectively comprise the PBC's financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the PBC. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and the general fund of the PBC as of June 30, 2012, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2012, on our consideration of the PBC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The PBC has not presented Management's Discussion and Analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of the financial statements.

INDEPENDENT AUDITORS' REPORT (Continued)

The budgetary comparison information on pages 21 and 22 is not a required part of the financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This summary of significant accounting policies of the Lincoln/Lancaster County Public Building Commission (PBC) is presented to assist in understanding the PBC's financial statements. The financial statements and notes are representations of PBC's management who are responsible for their integrity and objectivity. These accounting policies conform to accounting principles generally accepted in the United States of America and have been consistently applied in the preparation of the financial statements.

Reporting Entity

The PBC was created pursuant to Section 13-1303 of the Nebraska State Statutes. The PBC was established to design, construct, maintain, operate, improve, remodel, remove, and reconstruct projects for use by both the City of Lincoln (the City) and Lancaster County, Nebraska (the County) as approved by the City and County, and all facilities necessary or convenient in connection with such projects. As provided by Nebraska State Statutes, the PBC and its corporate existence shall continue until all its liabilities and bonds have been paid in full or such liabilities and bonds have otherwise been discharged and the governing bodies of the City and County have jointly determined the PBC is no longer needed. When the PBC ceases to exist, all rights and/or properties of the PBC shall pass to and be vested in the City and County.

The PBC is governed by a five-member Board of Commissioners consisting of two representatives each from the Lincoln City Council and the Lancaster County Board of Commissioners and a fifth member appointed by the other four members. Powers and duties of the PBC, as provided by state law, include among others, the rights to sue and be sued, acquire, hold and dispose of personal property for its corporate purposes; levy, assess and certify to the County annually the amount of tax to be levied for the purposes of the PBC (not to exceed 1.7 cents for each one hundred dollars of actual valuation of all tangible taxable property in the County); and incur debt and issue bonds and notes for any corporate purpose. The bonds, notes, obligations, or liabilities of the PBC are not the debt of either the State of Nebraska (the State), the City or the County, nor shall such bonds, notes, obligations or liabilities be payable out of any money other than the money of the PBC. The PBC is authorized to request additional funding from the County and the City for principal and interest payments when the tax, rental receipts, and parking receipts are not adequate.

To perform the function for which it was established, the PBC utilizes County employees, and thus incurs no direct personnel costs. However, the PBC reimburses the County for these incurred personnel costs.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Basis of Presentation

The government-wide financial statements (the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the PBC. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for the support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Measurement Focus/Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this period, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Proceeds from long-term debt and acquisitions under capital leases are reported as other financing sources. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures, such as principal and interest on general long-term debt, and claims and judgments, are recognized under the modified accrual basis of accounting when the related fund liability is due.

Applicable Standards

All Governmental Accounting Standards Board (GASB) pronouncements are applied, as well as the Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements, in which case, GASB prevails.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash, Cash Equivalents and Investments

The County Treasurer pools idle cash from all funds for the purpose of increasing income through investment activities. In compliance with GASB No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools* (GASB 31), the County's investments are stated at fair value. The County generally holds all investments until maturity or until market values equal or exceed cost. Investment income is allocated by specifically identifying amounts attributable to the PBC. At June 30, 2012, the PBC had \$2,842,163 of cash held by the County Treasurer.

Property Taxes

The tax levies applicable to the PBC for the tax year 2011 - 2012 were \$0.017 per \$100 of assessed property value utilized for debt service for the County/City Building and the Justice and Law Enforcement Center. The assessed value, upon which the 2011 levy was based, was \$19,027,837,576.

Based on the valuation as of January 1, property taxes are levied by the County Board of Commissioners on or before October 15 of each year for all political subdivisions in the County. Real estate and personal property taxes are each due December 31 of the year in which the property is appraised. One-half of the taxes become delinquent April 1 and August 1 of the following year.

Counties are permitted by the State Constitution to levy a tax up to \$0.50 per \$100 of assessed valuation for general governmental services other than the payment of principal and interest on bonded debt. They may levy taxes in addition to the \$.50 limitation upon a vote of the people. The tax levy remained below the \$0.50 limitation for 2012.

Also, the \$0.50 limit may only be levied to provide services offered jointly with another government under an interlocal agreement. The County may share \$0.15 of its levy authority with rural fire districts and other political subdivisions no longer having any levy authority.

The legislature, as part of a property tax relief package, prohibited counties from adopting a budget containing "restricted funds" which are greater than 2.5% of the prior year budgeted restricted funds, plus the percentage change in valuation increase attributable to new construction and additions to buildings in excess of 2.5%. Restricted funds include property taxes, payment in-lieu-of taxes, and state aid less amounts budgeted for capital improvements and bonded indebtedness.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Capital Assets and Depreciation

The PBC issues bond debt to finance various construction projects for buildings to which the PBC holds the lease. However, since the PBC does not have title to these buildings, the buildings are not included as capital assets on the statement of net assets. All costs for construction projects paid for by bond financing are reflected in the statement of activities as "Transfer of Capital Assets Acquired on Behalf of Lancaster County" and "Transfer of Capital Assets Acquired on Behalf of City of Lincoln".

In the government-wide financial statements (statement of net assets and statement of activities), expenditures for equipment and vehicles are capitalized at cost and accounted for as capital assets. All capital assets are valued at historical cost, or estimated historical cost if actual is unavailable, except for donated capital assets which are recorded at their estimated fair value at the date of the donation. Additions, improvements, and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred.

Depreciation on capital assets is calculated on the straight-line basis over the following estimated useful lives:

	<u>Years</u>
Equipment	8 - 15
Vehicles	8

Bond Issue Costs

Bond premiums and bond issue costs of the 2004 and 2010 revenue bonds and bond discount and bond issue costs of the 2005 and 2010B revenue bonds are amortized using the straight-line method over the respective terms of the bonds.

Net Assets

Net assets represent the difference between total assets and total liabilities. Unrestricted net assets are those that do not meet the definition of net assets invested in capital assets, net of related debt. Net assets invested in capital assets, net of related debt, consist of capital assets less accumulated depreciation and the net of outstanding balances of any debts used to finance those assets, such as capital leases and notes.

Fund Balance

The PBC has adopted GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions* (GASB 54), which redefined how fund balances of the governmental funds are presented in the financial statements. Fund Balances are classified as follows:

LINCOLN/LANCASTER COUNTY PUBLIC BUILDING COMMISSION
NOTES TO FINANCIAL STATEMENTS (Continued)
Year Ended June 30, 2012

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fund Balance (Continued)

Nonspendable fund balance – amounts that are in nonspendable form or are required to be maintained intact. These items include inventories, prepaids, long-term loans and notes receivable, and property held for resale (unless the proceeds are restricted, committed, or assigned),

Restricted fund balance – amounts that can be spent only for the specific purposes stipulated by constitution, external resource providers, or through enabling legislation,

Committed fund balance – amounts that can be used only for the specific purposes determined by a formal action of the Board of Commissioners (the County's highest level of decision-making authority),

Assigned fund balance – amounts are intended to be used by the government for specific purposes but do not meet the criteria to be classified as restricted or committed, and

Unassigned fund balance – the residual classification for the government's general fund and includes all spendable amounts not contained in the other classification.

Restricted funds are used first as appropriate. Assigned Funds are reduced to the extent that expenditure authority has been budgeted by the Board of Commissioners or the assignment has been changed by the Board of Commissioners. Decreases to fund balance first reduce Unassigned Fund balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Committed Fund Balances are used in that order.

Encumbrances

Encumbrance accounting, under which purchase orders, contracts, and other commitments for the expenditures of funds are recorded in order to reserve that portion of the applicable appropriation, is employed in the governmental fund types.

At the end of each budget period, unencumbered, unexpended appropriations lapse. Appropriations in the governmental fund types are charges for encumbrances when commitments are made. Fund balances are reserved for outstanding encumbrances, which serve as authorization for expenditures in the subsequent year. There were no encumbrances as of June 30, 2012.

Income Taxes

The PBC qualifies as a tax-exempt organization under Section 115 of the Internal Revenue Code. Accordingly, no provision for income taxes is required.

LINCOLN/LANCASTER COUNTY PUBLIC BUILDING COMMISSION
NOTES TO FINANCIAL STATEMENTS (Continued)
Year Ended June 30, 2012

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Budgets and Budgetary Accounting

The PBC follows the procedures described below in establishing the budgetary data reflected in the PBC's financial statements in accordance with the statutory requirements of the Nebraska Budget Act.

On or before August 1, the County Board of Commissioners prepares and transmits a budget for the PBC showing the projected requirements, outstanding warrants, operating reserve, cash on hand at the close of the preceding fiscal year, projected revenue collected from sources other than property tax and the amount to be raised by property taxation.

The budget is prepared on the cash receipts and disbursements basis of accounting. Encumbrances are also reflected as expenditures for budgetary purposes. At least one public hearing must be held by the County Board of Commissioners.

On or before September 20 each year, the County Board of Commissioners, after the action of the State Board of Equalization and Assessment has been certified to the County Clerk, the budget, as revised, is adopted and the amounts provided therein are appropriated.

Use of Estimates

Management uses estimates and assumptions in preparing these financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities, and the reported revenues and expenses. Actual results could vary from the estimates employed.

Subsequent Events

Management has evaluated subsequent events through December 18, 2012, which is the date the financial statements were available to be issued.

NOTE B – CONCENTRATION OF CREDIT RISK

Deposits

At June 30, 2012, the reported amount of the PBC's cash and money market deposits held by the County Treasurer amounted to \$2,842,163. Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. PBC's deposit policy for custodial credit risk requires compliance with the provisions of state law.

The County's cash deposits or certificates of deposit in excess of the \$250,000 FDIC limits are covered by collateral held in a Federal Reserve pledge account or by an agent for the County and thus no custodial risk exists.

**LINCOLN/LANCASTER COUNTY PUBLIC BUILDING COMMISSION
NOTES TO FINANCIAL STATEMENTS (Continued)
Year Ended June 30, 2012**

NOTE B – CONCENTRATION OF CREDIT RISK (Continued)

Investments

Nebraska State Statute Section 77-2315 authorizes the County Treasurer, with the consent of the County Board, to invest in U.S. government bonds, bonds and debentures issued either singularly or collectively by any of the twelve federal land banks, the twelve intermediate credit banks, the thirteen banks for cooperatives under the supervision of the Farm Credit Administration, United States Treasury notes, bills or certificates of indebtedness maturing within two years from the date of purchase, or in certificates of deposit.

The City may legally invest in U.S. government securities and agencies, U.S. government sponsored agencies, and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds, bankers' acceptances, and investment agreements.

Cash and investments held in trust consisted of the following as of June 30, 2012:

<u>Cash and Investments</u>	<u>Fair Value</u>
Cash and Investments held by the PBC:	
Series 2004 - Construction Fund	\$ 99,758
Series 2005 - Construction Fund	45,872
Series 2010 - Construction Fund	1,641
Total PBC Cash and Investments held by the PBC	147,271
Cash and Investments held by the City as Agency Funds:	
Series 2004 - Reserve Fund	962,725
Series 2005 - Reserve Fund	1,910,089
Series 2010 - Reserve Fund	338,777
Total PBC Cash and Investments held by the City as Agency Funds	3,211,591
Total PBC Cash and Investments	\$ 3,358,862

The City holds the 2004 Reserve Fund, 2005 Reserve Fund and 2010 Reserve Fund as agency funds for the PBC. The City has agreed to be the Trustee for these Reserve Funds until such time as the bonds are fully retired.

NOTE B – CONCENTRATION OF CREDIT RISK (Continued)

Investments (Continued)

The PBC or its agent, the City, held the following types of investments at June 30, 2012:

<u>Investment</u>	<u>Fair Value</u>
U.S. Treasury Bills	\$ 147,271
Federal Farm Credit Bank	330,000
Idle Funds Pool	971,591
Collateralized Repurchase Agreement	<u>1,910,000</u>
	<u>\$ 3,358,862</u>

Collateralized Repurchase Agreement

The fair value of securities underlying the City's repurchase agreements amounted to \$2,233,583. The City's repurchase agreement was fully collateralized at June 30, 2012.

NOTE C – DUE FROM OTHER GOVERNMENTAL AGENCIES

Due from other governmental agencies consisted of amounts due of \$144,095, of which \$125,000 is due from the County as of June 30, 2012.

NOTE D – CAPITAL ASSETS

The changes in capital assets designated for the operation of the PBC for the year ended June 30, 2012, are as follows:

	<u>Balance June 30, 2011</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance June 30, 2012</u>

The Tax Reform Act of 1986 instituted certain arbitrage restrictions with respect to the issuance of tax-exempt bonds after August 31, 1986. Arbitrage regulations deal with the investment of all tax-exempt bond proceeds at an interest yield greater than the interest yield paid to bondholders. Generally, all interest paid to bondholders can be retroactively rendered taxable if applicable rebates are not reported and paid to the Internal Revenue Service (IRS) at least every five years. During the current year, the PBC performed calculations of excess investment earnings on various bonds and financings and at June 30, 2012 does not expect to incur a liability.

NOTE G – OPERATING LEASES

The PBC leases the County/City Building, the 233 Building, the K Street Power Plant, the Justice and Law Enforcement Building, the 9th and J Building, Downtown Senior Center, Health Department Building, Courthouse Plaza, Northeast Senior Center, Benesch Building and 27th Street Police Building, and performs all construction and maintenance for the City and the County. The PBC uses the premises for the purpose of providing space to the County and City departments, agencies, and functions. The PBC is responsible for furnishing services, including heat, water, electricity, air conditioning, elevator service, cleaning services and maintenance, and repair to the City and County departments inhabiting the space. The costs to the PBC are funded through charges to the inhabitants based upon the number of square feet of space allocated annually. The amount charged to the inhabitants is based on total expenditures incurred in the previous year. These charges are then allocated based on square footage held by the inhabitant. This is done each year. The leases for the buildings continue until the related bonds have been fully paid and are no longer outstanding. The City and County reimbursed the PBC a total of \$4,475,180 in the form of rental payments for the year ended June 30, 2012.

NOTE H – RISK MANAGEMENT

The PBC is exposed to various risks of loss related to torts; theft of, damage to, or destruction of assets, errors or omissions; injuries to employees; and natural disasters. All suits against the PBC arising out of tort claims shall be defended by the City's law department but the County Attorney's Office will be notified in writing of the filing of such suit and be entitled to participate in the defense thereof. The City and the County shall share equally any uninsured or underinsured claim expenses and/or damages that may occur.

The PBC is included in the insurance coverage of the County for various commercial insurance policies (with various deductibles), with the exception of workers' compensation and general liability. The PBC is insured by the County for up to \$600,000 per occurrence for workers' compensation risks and up to \$250,000 per occurrence for general liability risks. The self-insurance programs are administered by the County's Workers' Compensation and Risk Manager. Commercial insurance covers the excess of the self-insured amount to the maximum of \$1,000,000 for employers' liability and statutory limits for workers' compensation and \$5,000,000 for general liability.

The PBC is included in the insurance coverage of the City for property insurance, equipment breakdown coverage (boiler and machinery) and business interruption and extra expenses coverage. The City had a self-insured retention for building and contents property exposures up to \$50,000 per occurrence. The Nebraska Political Tort Claims Act limits the City's liability for tort claims to \$1 million per individual and \$5 million per occurrence.

**NOTE A – STATEMENT OF REVENUES, EXPENDITURES, AND CHANGE IN FUND
BALANCE – BUDGET TO ACTUAL (Budgetary Basis)**

Basis of Accounting

The accompanying statement of revenues, expenditures, and change in fund balance – budget to actual is presented on the cash basis of accounting which is the PBC's budgetary basis of accounting.

Budget Law

The PBC is required by state law to hold public hearings and adopt annual budgets for all funds on the budgetary basis of accounting. Total expenditures for each fund may not exceed the total budgeted expenditures. Any revisions to the adopted budget of total expenditures to any fund require a public hearing.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Lincoln/Lancaster County Public Building Commission Board of Commissioners
Lincoln/Lancaster County Public Building Commission
Lincoln, Nebraska

We have audited the financial statements of the governmental activities and the general fund of the Lincoln/Lancaster County Public Building Commission (PBC) as of and for the year ended June 30, 2012, which collectively comprise the PBC's financial statements and have issued our report thereon dated December 18, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the PBC's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the PBC's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the PBC's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings and responses that we consider to be significant deficiencies in internal control over financial reporting [2008-3 and 2012-1]. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS (Continued)

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the PBC's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the PBC in a separate letter dated December 18, 2012.

The PBC's responses to the findings identified in our audit are described in the accompanying schedule of findings and responses. We did not audit the PBC's responses and, accordingly, we express no opinion on them.

This report is intended solely for the information and use of management of the PBC, the PBC Board of Commissioners and the State of Nebraska and is not intended to be and should not be used by anyone other than these specified parties.

LINCOLN/LANCASTER COUNTY PUBLIC BUILDING COMMISSION
SCHEDULE OF FINDINGS AND RESPONSES
Year Ended June 30, 2012

SIGNIFICANT DEFICIENCIES

2008-3 Condition: The responsibility for the preparation of financial statements resides with the management of the PBC.

Criteria: Statement on Auditing Standards Number 115 suggests that management prepare its financial statements in order to prevent or detect material misstatements, including footnote disclosures.

Cause: Management is fully capable of preparing its financial statements but faced time constraints during the current fiscal year which precluded the preparation of the financial statements. PBC has limited employees and does not have enough personnel to prepare their own financial statements.

Effect: Material disclosures and classification misstatements may not be detected.

Recommendation: Management of the PBC should prepare the financial statements in the future.

Response: The management of the PBC understands the responsibility for the preparation of financial statements resides with them. The main obstacle is the limited number of accounting staff. The PBC will continue to have discussions with Lancaster County to determine what options are available.

2012-1 Condition: Long-term debt totaling \$1,670,000 was not recorded by the PBC.

Criteria: Management should record any long-term debt that is issued during the year.

Cause: Management did not have the appropriate notification for preparing the journal entries to account for the long-term debt.

Effect: Long-term and current liabilities will be understated and the financial statements for both the current and succeeding years will not reflect the true financial position of the PBC.

Recommendation: Management of the PBC should notify the County finance personnel of any debt that is issued so that the County can record the appropriate entries.
