

(Released by the Lancaster County Board of Commissioners on June 4, 2004)

Updated Removal Plan for Storm and Tornado Debris/Related Waste

ONLY STORM RELATED WASTE should be put in the right-of-way (in the ditch, off the roadway). It must be separated into **four** different piles:

1. Trees and brush
2. Metal waste (includes appliances)
3. Demolition materials/furniture (includes boards, shingles, insulation, plumbing, electrical, etc.)
4. Tires

****Contractors will come by in the next three weeks to remove the above items.****

NO OTHER WASTE can be pushed/stacked in the right-of-way. Please be careful to keep debris off roadways. Waste on private property will not be removed by the County.

DO NOT PUT THE FOLLOWING ITEMS INTO THE RIGHT-OF-WAY:

1. Household garbage (handle through typical garbage service)
2. Hazardous waste (collection points will be announced at a later date)

Anyone wishing to burn waste should first contact their local fire department.

REMINDER - This removal plan is intended for **storm related damage only**. No debris is allowed to be placed in the right-of-way along Highway 77. Violators will be subject to citation and prosecution pursuant to existing laws which prohibit littering.

Lincoln Landfill Hours (70th & Bluff Road)

Monday - Friday	6:45 am to 4:15 pm
Saturday	6:45 am to 1:00 pm
Sunday	9:00 am to 12:30 pm

***Construction and Demolition Landfill Hours (48th & Salt Creek, N. of Superior St.)**

Monday - Saturday	6:45 am to 3:00 pm
Sunday	6:45 am to 12:00 pm

*Pickups 3/4 ton or less and trucks/cars with trailers 6' x 8' can utilize this landfill. Larger vehicles must use the Bluff Road landfill.

**If you have questions, please contact the
Lincoln-Lancaster County Health Department at 441-8040.**
