

## Press Release

For more information contact Andy Stebbing, County Treasurer: 402-441-7425

**County Treasurer Can Bundle Multiple Vehicle Registrations  
County City Building  
555 South 10<sup>th</sup> St. Room 102**

November 3, 2015

County Treasurer, Andy Stebbing, said the DMV can assist citizens with multiple vehicles who would like to pay for their registrations all in one transaction. "If it is more convenient for the owner to place their registrations on the same day, within the same month, we are happy to do just that, we simply need to have one of the registrations that is due along with the registrations to the other vehicles."

"The bundling option will decrease printing and postage costs as well as reduce the wait times at the DMV, this can be a dramatic cost savings for the county, and may be of convenience to citizens that wish to merge all their registrations due dates", Stebbing said.
