### EMPLOYEE OF THE YEAR 2011

Jared Higley has been chosen for Employee of the Year for 2011 for his outstanding work ethic. Jared has been employed with the Lancaster County Treasurer's Motor Vehicle Division since June 5<sup>th</sup> 2008 when he transferred from County Corrections. Jared is a dedicated employee and is highly respected by his fellow co-workers. Jared has an extraordinary work ethic and takes pride in his duties. Jared is considered to be one of our most reliable employees as he has used little sick leave since being employed with the County Treasurer.

Jared provides excellent customer service to everyone that he helps. Jared is often complimented by citizens for being helpful and knowledgeable. He displays great patience and exhibits a natural ability to neutralize difficult situations.

Jared is always willing to take on extra responsibilities. As all Nebraskans are aware, 2011 was a new plate year for motor vehicles. With this large undertaking, Jared willingly took responsibility of monitoring the plate deliveries. He checked in the thousands of plates for the 2011 plate series, organized and distributed plates throughout the building for all of the various workstations. Whenever a plate couldn't be found or someone needed a particular set of letters, Jared would know right where to go. He was a great asset in resolving "missing" plate issues. Jared's meticulous attention to detail made the plate year much easier on fellow staff members.

Jared has brought new and innovative ideas to management to better assist the office and the citizens he serves. His self initiative and outstanding work performance is easily noticed and appreciated. It is because of Jared's positive attitude, dedication, and extraordinary work ethic that we are proud to nominate him for the 2011 "Employee of the Year".
