Rosie Gansemer receives the Dedication Service Award for 2013. Rosie has been a loyal, dedicated, motivated, team player for the County Treasurer's Office. Rosie's has been involved with many different responsibilities within the office over the span of twenty four years. Rosie is best known for being the Assessment Specialist at the Motor Vehicle Division. She stays very busy and is a true problem solver.

Rosie is a very dedicated and loyal employee and is well known for her wonderful polite demeanor. Rosie also has held the designation of being the Motor Vehicles Office "activities" coordinator. I'd like to take this opportunity to nominate Candace Meredith as employee of the year for the Lancaster County Treasurers Office.

Candace came to the Treasurer's Office in July of 2005 as an Account Clerk II and was shortly thereafter promoted to Account Clerk III. In May of 2010, Candace was again promoted to Real Estate Supervisor. Candace is one of the most visionary, driven, organized, and goal orientated persons I have ever worked with. Her calmness while working with employees and citizens is unmatched. Candace leads by example processing the daily hundreds of letters we receive, taking phone calls, and assisting citizens at the front counter all while getting her work done on time. She is a team player never asking employees to do anything she can't do!

When I started with the Treasurer's Office as Chief Deputy in December of 2012, I wasn't sure what to expect. I must say I have been extremely pleased with Candace and the job she does for the Treasurer's Office. She goes way above the call of duty in the job she does.

Just prior to my starting with the Office Candace was promoted to Office Manager a job I have seen her grow into taking on more and more of the Offices daily responsibilities. Candace not only manages our Real Estate Division making sure all the tax evaluations get mailed out but also helps arrange the annual tax sale making sure all the parcels that need to go to sale get there and all done in a timely manner all this while overseeing the Real Estate office personnel putting out daily fires and answering any questions that may arise. I've often seen her holding impromptu office meetings addressing changes in legislation, office policy, or updates in the Tax System making sure employees are kept up to date.

Candace holds an abundance of information and has become my Treasures Office dictionary. When I need to know what a term and or abbreviation means all I need to do is ask Candace. I can assure you there are many in the banking world! Candace just recently took over as our Personnel Manager as well becoming our liaison with Human Resource making sure all the evaluations and updating all the employees paperwork gets done and turned in on time.

Candace also worked on getting the new Tax System up and running, worked on the Banking RFP Committee, the Standard Operating Procedure Committee and all while overseeing the day to day operations within the Treasurer's Office. In the short time I've been here it is easy to see that Candace is an integral part of the Treasurers and is most deserving of Employee of the Year. Great Job Candace!

Respectfully Submitted,

William E. Jarrett (Bill)
