LANCASTER COUNTY TREASURER'S OFFICE

555 South 10th Street, Ste. 102 / Lincoln, Nebraska 68508 / Phone (402) 441-7425 / Fax (402) 441-8841

August 8, 2013

Dear Business Motor Vehicle Fleet Managers and Farmers:

The Lancaster County Treasurer's Office – Motor Vehicles Division would like to offer the Fleet Desk Services to all businesses with ten fleet vehicles or more, or any farm operation regardless of fleet size. As part of the Fleet Desk participation at our DMV, we offer consolidation of all the fleet vehicles into one certain month for the vehicle renewals. In addition to processing the final costs before payment, the DMV will also offer a direct line to the Fleet Desk Clerk to address concerns and answer questions. We think this expansion of the fleet group will help many small businesses and farmers, while allowing us to spread the work over the year instead of concentrated months.

Also, we would like to offer an additional payment option for fleet customers. The ACH Credit option will allow your business the ability to initiate electronic payments to the Lancaster County Treasurers office. Our Motor Vehicle Fleet desk staff will process your fleet transaction(s) and contact you via email with a total amount due. Your business will then initiate an electronic payment (ACH Credit only) of the fleet costs to the County Treasurer's bank account. Payment to our office should be initiated no later than the business day following our email notification. After our office receives your ACH payment, we will forward the updated title or registration paperwork. We hope you will find this electronic payment method much easier and simpler, saving time and money.

We will send out a sign-up mailing in August.

Your continued feedback is very much appreciated.

Thank you very much,

Sincerely,

Andy Stebbing
Treasurer
