County Treasurer Initiates Property Tax Drop-Off at any DMV Office

County Treasurer Andy Stebbing said that citizens suggested he allow for property tax payment drop-off at the DMV locations and working with his DMV Manager, Don Arp, they are now doing just that.

“Property Tax payments may be mailed, paid online, or in person at the Treasurer’s Office located in the County-City building, and now may be dropped off at any dmv office,” said Andy Stebbing

“Anything we can do to make this process easier and more convenient we are happy to oblige,” Stebbing said.

Don Arp, retired Lincoln Police Department Sergeant, and now the DMV Manager said he had several people standing in line to pay property taxes at the DMV Offices. “When we saw that, we immediately began taking the property tax payments at the customer service desk, we are doing our best to alleviate people standing in lines”.
