### **County Treasurer Places Banking Contract Out For Bid**

**555 South 10<sup>th</sup> St. Room 102**

County Treasurer Andy Stebbing announced today that he has placed the County Treasurer Banking Contract out for bid. For the past dozen years the Treasurer's Office has used the same banking institution.

"Twelve years is too long, we do not have complaints or issues, however in keeping with our vision to be competitive, efficient, fair, and transparent, we will be placing the banking contract out to be reviewed more frequently."

"I want to keep trimming fat and to become the most efficient County Treasurer's Office within the United States and that requires competitive bidding with great customer service and a team with a vision."

"Michelle Rapheal, my Director of Banking, and the rest of the Treasurer's Office staff have worked tirelessly on this proposal and I thank them."
