

## Press Release

For more information contact Andy Stebbing, County Treasurer: 402-441-7425

**County Treasurer on City Tax Rate Increase**  
**County City Building**  
**555 South 10<sup>th</sup> St. Room 102**

Lancaster County Treasurer Andy Stebbing wants to remind the residents of Lincoln that the city wheel tax will increase September 1. The increase will be an additional cost of \$5.00 for cars, \$2.50 for motorcycles and \$7.50 for pick-up trucks. Large commercial trucks of 8 tons or more will increase by \$25.00.

“I want the citizens of Lincoln to be aware of the upcoming increase on their renewal”, Andy Stebbing said. The City Wheel tax that you see on your renewal is set by the Lincoln City Council and those funds are distributed to the City of Lincoln monthly. “I am frequently asked about the wheel tax and want to be clear, the County Treasurer has no part in deciding the City Wheel Tax rates.” Stebbing said.

When you are ready to renew, the Lancaster County Treasurer encourages you to complete the process online. You can also visit any of the three locations to renew your registration.
